Balancing chemicals will be charged \$5 per visit if Hot Spring Spas uses its own chemicals. I understand my Hot Tub Care Service does not include any repair or maintenance of any spa parts, plumbing, controls, or other service that would normally be covered by the manufacturer's warranty or performed by a certified spa technician. Water care products are not provided. I agree to have water care products delivered to my home when my Hot Tub Care Service is performed, billed to the credit card on file at the current prices. Hot Spring Spas will bill Hot Tub Care Service fees to the credit card I leave on file. Fees will be processed after service is performed. My Hot Tub Care Service Agreement will automatically renew annually unless I notify Hot Spring Spas in writing that I wish to change my service or cancel it. Should I choose to cancel this agreement prior to four months of service cancellation fees will apply.
